Technical Details of how the planetary patterns are determined: Each interpretation is based on a 3-planet pattern. The 3 planets are forming a midpoint structure where a planet forms one of the following aspects to the midpoint of 2 other planets: conjunct or opposition with 2 degree orb, square with 1 1/2 degree orb, semisquare or sesquiquadrate with a 1 degree orb, or 1/16, 3/16, 5/16, or 7/16 with a 30 minute orb. Also, the 3 planets are aspected to each other in the same harmonic. The harmonics analyzed are 1 through 64 and any doubling of these numbers, such as 120 which is a double of 60, up to 180. The total number of harmonics analyzed is 108. In the harmonic chart all 3 aspects are within a 12 degree orb. Also, any midpoint structure involving a conjunction or opposition aspect within a 1 1/2 degree orb, even if a harmonic triangle is not involved, is interpreted.

Given below is a brief interpretation of your birth chart. The major themes in your life are described. The themes are presented approximately in the order in which they are a priority in your life. In other words, the themes which are most important are, in general, described near the beginning of the report, and the less important themes are described towards the end of the report.

Each astrological influence described in this report is a resource available to you. It is up to you to express these energy patterns in the best possible way. It is possible to repress, block, or try to avoid issues, or to fight yourself; hopefully this report will help clarify issues in your life, and encourage you to master your life rather than be a victim of circumstances.

Mercury-Uranus-Pluto 64th Harmonic

You are a very creative and intense thinker. You find most other people to be much too slow, shallow, and weak-willed for your bold and daring ideas. You do well in an environment that allows you to invent, research, analyze, and learn at your own pace.

Venus-Mars-Uranus 24th Harmonic (24=3x8)

You have very strong romantic and sexual feelings. You are likely to fall in, and out of, love at least a few times before settling down so it is probably not a good idea for you to marry early in life. You love music and probably dance also. It is important that sexuality does not overpower the importance of love, kindness, or mutual understanding in your romantic relationships because otherwise you can be unfulfilled in the long run.

Pluto Conjunct Sun/Mars 0 deg 27 min

When you involve yourself in a project, you can immerse yourself completely and totally in it. You can become obsessed with your work, and work with a sense of mission. Conversely, when placed in a work situation that is not meaningful, you become frustrated, critical, despondent, and angry. It is important for you to latch onto something that is meaningful, and use your great energy to accomplish the work you set out to do.

Sun Conjunct Jupiter/Pluto 0 deg 36 min

You are good at promoting, marketing, and bringing things to a larger audience. You find ways to expand the exposure of a product, or of bringing something to the attention of a larger number of people. You strive for success, and sooner or later you will achieve it.

Mercury Conjunct Moon/Saturn 0 deg 45 min

You have good mental concentration and you can succeed in areas that require a lot of reading, writing, or detail work. You also have a good sense of form and design, and you can formulate things in a very logical and coherent manner. You explain things clearly and can be a good teacher or instructor.

Pluto Conjunct Moon/Mars 0 deg 37 min

Periodically you feel an urgency to do something, and you become obstinate and inflexible, compulsively pursuing your interest, even though your interest may change soon afterwards. Consequently, others who do not allow you to follow your instincts frustrate you and you can become embroiled in a mutually frustrating relationship. You need to work on ways to communicate clearly in order to resolve potential power struggles with others. Your creative intensity makes it possible for you to accomplish a great deal.

Mars Conjunct Jupiter/Neptune 0 deg 50 min

You become bored quickly by simple chores and mundane tasks. You seek more exotic and far-reaching goals. You succeed in areas that require imagination or a far-reaching vision. If you can devise a clear and practical plan, and focus sufficiently to help ground your grandiose schemes, you can indeed achieve them.

Venus Conjunct Mercury/Saturn 1 deg 04 min

You have an aptitude for artistic design and geometry. You also have a knack for understanding what is really on a person's mind, and what is important to them. You have a good foundation in simple and lasting values and you are a responsible, mature person.

Venus Conjunct Mercury/Uranus 1 deg 24 min

You have fast reflexes and a talent for playing musical instruments. You are clever and have a good sense of humor. You succeed in areas that require spontaneity and the ability to quickly solve problems or come up with creative ideas.

Mercury Conjunct Sun/Saturn 1 deg 49 min

You are methodical and logical. In elementary school and even in high school, you may sometimes have felt that you are a slow learner, but actually it is only your insistence on gaining a thorough, complete, and logical understanding of a subject that caused any problems. Other people are content with relatively superficial explanations whereas you often seek a level of clarity that even the teacher may not be capable of providing. Your quiet, structured, and disciplined approach to learning can help you excel in many areas as long as you have the self-confidence and patience to allow yourself to master the material.

Moon Conjunct Mercury/Mars 2 deg 00 min

You have an aptitude for psychology and history, and with training you can become very good at understanding the historical and psychological roots of current trends and the behavior of people. Also, you are sometimes very impatient with people who do not express themselves clearly, and you appreciate people who can communicate clearly and directly.

Jupiter Conjunct Moon/Venus 1 deg 53 min

Your kindness and warmth radiate out to others, and bring more happiness to others than you probably realize. You can be very successful working with children or in any other area where others will reward your kindness rather than take advantage of it. Avoid developing a habit of eating high-fat foods; otherwise, you may find yourself struggling to lose pounds later.

Moon Conjunct Jupiter/Pluto 1 deg 31 min

You are very creative and you have ability to express deep feelings through art, literature, and theatre. You enjoy music that is driving or in some way brings out deep and strong feelings. You are a big believer in expressing one's feelings and you help others feel more comfortable sharing their deepest secrets.

Venus Conjunct Jupiter/Uranus 1 deg 47 min

You have a good sense of rhythm, and you have talent in music and/or dance. You also have a good sense of humor, and when you are in a good mood, you put everyone in a good mood. Very often you are the life of the party.

Sun-Saturn-Uranus 144th Harmonic (144=9x16)

You enjoy restructuring the way things are done. You are a reformer, perhaps even a rebel. You are frustrated by organizations that are unwilling to adapt, evolve, and change. Be sure that you have studied a situation carefully before attempting to reform it.
