Your Soul Number is FOUR.

Responsible, conscientious, and rather serious, you expect to work for what you want in life, and you don't appreciate frivolity, laziness, or inconstancy in other people. You have a strong sense of duty and you need to be productive. You are very capable in practical affairs and may have mechanical abilities.

A well organized, structured, disciplined lifestyle appeals to you and you prefer security to excitement and surprises. You love tradition and don't question the conventions, rules, and methods you were brought up with. You think in clear, simple, practical terms and are honest and square in your dealings with others. Basically conservative, you may distrust the unfamiliar and anything you feel might threaten your orderly and peaceful existence. You never take risks unless you have laid a firm foundation for success. You may lack imagination and the desire to learn new ways. Also, you do not allow yourself to relax and be carefree often enough. Part of the reason for this is that others depend upon your practical abilities so much that when you do have free time, you may find yourself fixing someone's car, helping a friend with their taxes, or doing some other chore. Try to avoid becoming a workaholic. You deserve to play sometimes too!

Your Personality Number is SIX.

People are naturally drawn to you for advice, counseling, comfort, and assistance, for you radiate a sympathetic and protective concern for the well-being of others. You seem motherly or fatherly, and you inspire confidence and trust. You have a helpful, understanding demeanor and you like to be of service.

It is essential for you to be in harmonious surroundings that have a personal, loving touch. Even in your office or work place, you will create an environment that is warm, comfortable, and "homey".

You tend to dress modestly and are not especially fashion conscious, though you do have an eye for what is appealing and harmonious. You often put your family or other people ahead of yourself, and you may neglect your personal appearance. Usually you have other priorities ahead of your wardrobe or personal adornment. You dress mainly for comfort, and exotic, dramatic, flamboyant styles are definitely not for you.

Your Destiny Number is ONE.

You are creative, inventive, and innovative, and it is your desire to make some unique contribution to the world. Following in others' footsteps is not for you. Independence, self-reliance, and originality are your keywords. You achieve success through your own initiative and efforts, and it is best for you to work alone or be at the head of things. You are not a team player, and do not cooperate very well with others. Sacrificing your own beliefs or desires in order to "fit in" just doesn't work for you. You rarely listen to advice or ask for outside help either. You need to be a free agent, to decide for yourself, experiment, and make your own mistakes.

You can be very self-centered without even realizing it, oblivious to the concerns of others. Your own interests and projects take precedence over everything else.

You want to be "Number One". Just be certain you don't trample over others on your way to your goal or you will alienate them and become the "odd man out".

Your Career Number is NINE.

You are suited for activities which benefit people in need or which bring people with diverse backgrounds and perspectives together: philanthropic or altruistic work, selfless service, social welfare, the arts.

Careers and Vocations: Ministry, public service, doctor, nurse, or other helping professional, veterinarian, educator, artist, musician, counselor, foreign service, ambassador, any work involving long-range communications, publishing, broadcasting.

Your Missing Number(s) are:

**TWO:** You are frequently inconsiderate of others and lack the ability to truly cooperate, compromise, and appreciate the other person's point of view. You need to develop a sensitive awareness of others' needs and concerns. You give only what you want to give and relate only on your own terms. Try to be more flexible.

**THREE:** You often lack a sense of humor and joy in living. You need to allow yourself to play, be spontaneous, and express yourself more freely and creatively. Try to adopt a more generous, cheerful attitude.

You are also uneasy and unsure of yourself in social situations and must learn to overcome your tendency to withhold your thoughts and emotions. Singing would be an excellent way for you to free up your resistance to open communication.

**SEVEN:** You are disinclined to probe deeply beneath the superficial appearances of things to discover the hidden aspects, the underlying reasons and causes, the deeper meanings. As long as everything seems to be fine on the surface, you look no further. You may distrust introspection and the intuitive, non-rational, or mystical approach to life, and are often out of touch with your own inner feelings and deeper needs. You also may lack a real, personal, sustaining religious or spiritual faith.

Your First Vowel is A.

Your instinctive response to any situation is **ACTION**. You are decisive and bold, and you meet life head on. You think for yourself, you know what you want and you go after it directly. Impulsive and headstrong, it will take you many years before you learn to look before you leap. You have a sense of adventure and a willingness to try a new path.

It is difficult for you to be still, to wait, or to allow situations to resolve themselves in their own time. You always want to **DO** something, get everything up front, resolve the problem. It is hard for you to live with ambivalence and uncertainty.

You cannot be deceptive or hide your true thoughts and intentions very easily. You are generally unafraid of what other people think of you. You dare to be yourself. Often, in fact, you appear oblivious to the impact your actions have on other people, and you may seem arrogant.

Your First Initial is H.

Your head, rather than your heart, rules you. You follow a logical, carefully planned course or action in order to achieve your goals in life. You will calculate your strategy, then quietly implement it, often surprising others

with your results. Behind your rather mild exterior, there lies much strength of character, and often great ambitions and aspirations.

You are capable, practical, and rather worldly-minded. You envy others with money and position if you do not possess it yourself, and you are capable of climbing to the top of the ladder of success even if you start at the bottom.

You love order and generally respect authority. You could attain a place of authority and position in the world. You are also a watchful person, not easily taken in or fooled.
